

Cirrus Logic, Inc. ("Cirrus") is committed to the highest standards of product quality and business integrity in all relationships. As such, Cirrus follows generally accepted industry standards for process / product change notifications (PCN) and any product discontinuance (End of Life, EOL).

Customers are notified for any changes that are classified as "Major" with a 90 day review period. Major changes are classified as any change that affects product form, fit, function or reliability.

Customers are notified of product EOL through our PCN system. Customers have a minimum of 180 days from the date of notification to place final orders and 360 days from the date of notice to provide final shipments. If a situation arose that would require Cirrus to EOL a product(s) not to meet the stated time as listed above, customers will be given as much advanced notice as possible.

Name: Jeff Daniels

Title: Director, Quality Engineering

Signature:

A handwritten signature in black ink, appearing to read "Jeff Daniels", written over a horizontal line.
